| In Town                   | \$ 1.87 per 100 cubic feet | \$ 1.50 per 100 cubic feet |
| Out of Town               | \$ 3.72 per 100 cubic feet | \$ 2.98 per 100 cubic feet |

**City of Camden FY 2023  
Billing Rate Schedule**

Rev. 2/1/2023

**Sewer Capacity Fees**

**Residential**

| Tap Size        | In Town  | Out of Town* |
|-----------------|----------|--------------|
| 4 in connection | \$ 3,750 | \$ 3,750     |
| 6 in connection | \$ 4,000 | \$ 5,100     |
| 8 in connection | \$ 6,000 | \$ 8,150     |

These figures are base figures. Actual capacity fees determined by SC DHEC Unit Contributory Loadings Schedule.

\*All inside the City owners of properties where sewer facilities are not currently accessible will be permitted to connect to the City Sewer System for the old capacity fee of \$35.00, if and when sewer lines become accessible to their property. However, they must have owned the property prior to September 13, 1995, and have not changed the use of the property, and the privilege is not transferable or assignable to a new owner. Addendum dated 09/14/95. (As stated, under policy adopted September 12, 1995, no new sewer connections outside the City have been permitted since that time except to honor pre-existing sewer commitments. The fact that outside connection fees are set forth in this fee schedule does not alter that policy in any way.)

**Commercial and Industrial Sewer Capacity Fees**

Determined by SCDHEC Unit Contributory Loadings Schedule at \$7.50/GPD for in town installation, \$9.50/GPD for out of town installations.

**Sewer Surcharge Fees**

|                                 |                |
|---------------------------------|----------------|
| Biochemical Oxygen Demand (BOD) | \$0.27/lbs/day |
| Total Suspended Solids (TSS)    | \$0.21/lbs/day |
| Oil and Grease                  | \$0.09/lbs/day |

**Industrial Wastewater Pretreatment Fees**

Annual Program Administration and Inspections Fees \$6,720\*

\*Varies based on wastewater characteristics

**Sewer Impact Fees**

An additional sewer impact fee shall be required if the sewer collection system has to be upgraded to serve and industrial project.
