

Camden Public Art Committee Special Meeting – May 5, 2026

Present: Vanessa Adams, Forrest Fortier, Dot Goodwin, Monica Lachansky,
Property Owner James Austin

Mural Project: Gallery 537 – Review of Proposals

Discussion quickly eliminated the Medina proposal because it focused more on the history of Camden and didn't incorporate the "**More than a Revolution**" concept initially described. Artist is not local, either.

Committee was not in favor of the postcard themed proposals from Tripp Barnes.

Discussion of the Layz Kreationz proposal included questions about what some of the elements were or what was being represented. Committee members raised concerns about being able to decipher elements of the mural. James said he would prefer to go back and work with the artist to make some modifications.

Committee decided to wait until a modified proposal, James is hoping to have a revised concept for the May 20 meeting.

Meeting adjourned at 10:30 am.
